## DUI INTRODUCES NEW DRYSUIT – THE FLX EXTREME

### SLEEK, LIGHTWEIGHT & DURABLE ... WITH A MILITARY PRESENCE

It's an entirely new combination of DUI's most popular features. Made with a Trilaminate material with polyester outer layers (the same material as the top of the FLX50/50) makes it lightweight, durable and supple. We've designed a completely new overlay to give this suit its own, unique look. Cordura is used on the upper body and on legs for extra durability. To keep this suit as sleek and minimalist as possible, we only use a black DUI military patch to brand the suit. But don't let its stealth appearance fool you – the DUI FLX EXTREME is going to be the hottest thing on the water!
